# BeTrip

This is mobile app that allows travel influencers to create and sell their own trips

# How it works

**1.** You give us all necessary information::

**1.** Cool **trip name;**

**2.** Detailed **description of the trip**. The more useful information you provide, the more likely you are to interest the tourist;

**3.** **Photo!** Or even three of them! They should convey the atmosphere of the trip. Preferably provide your own photos, or specify the author;

**4.** All the **points of the trip**: geolocation, name, description, interesting facts, tips what to do, the best time to visit, keywords;
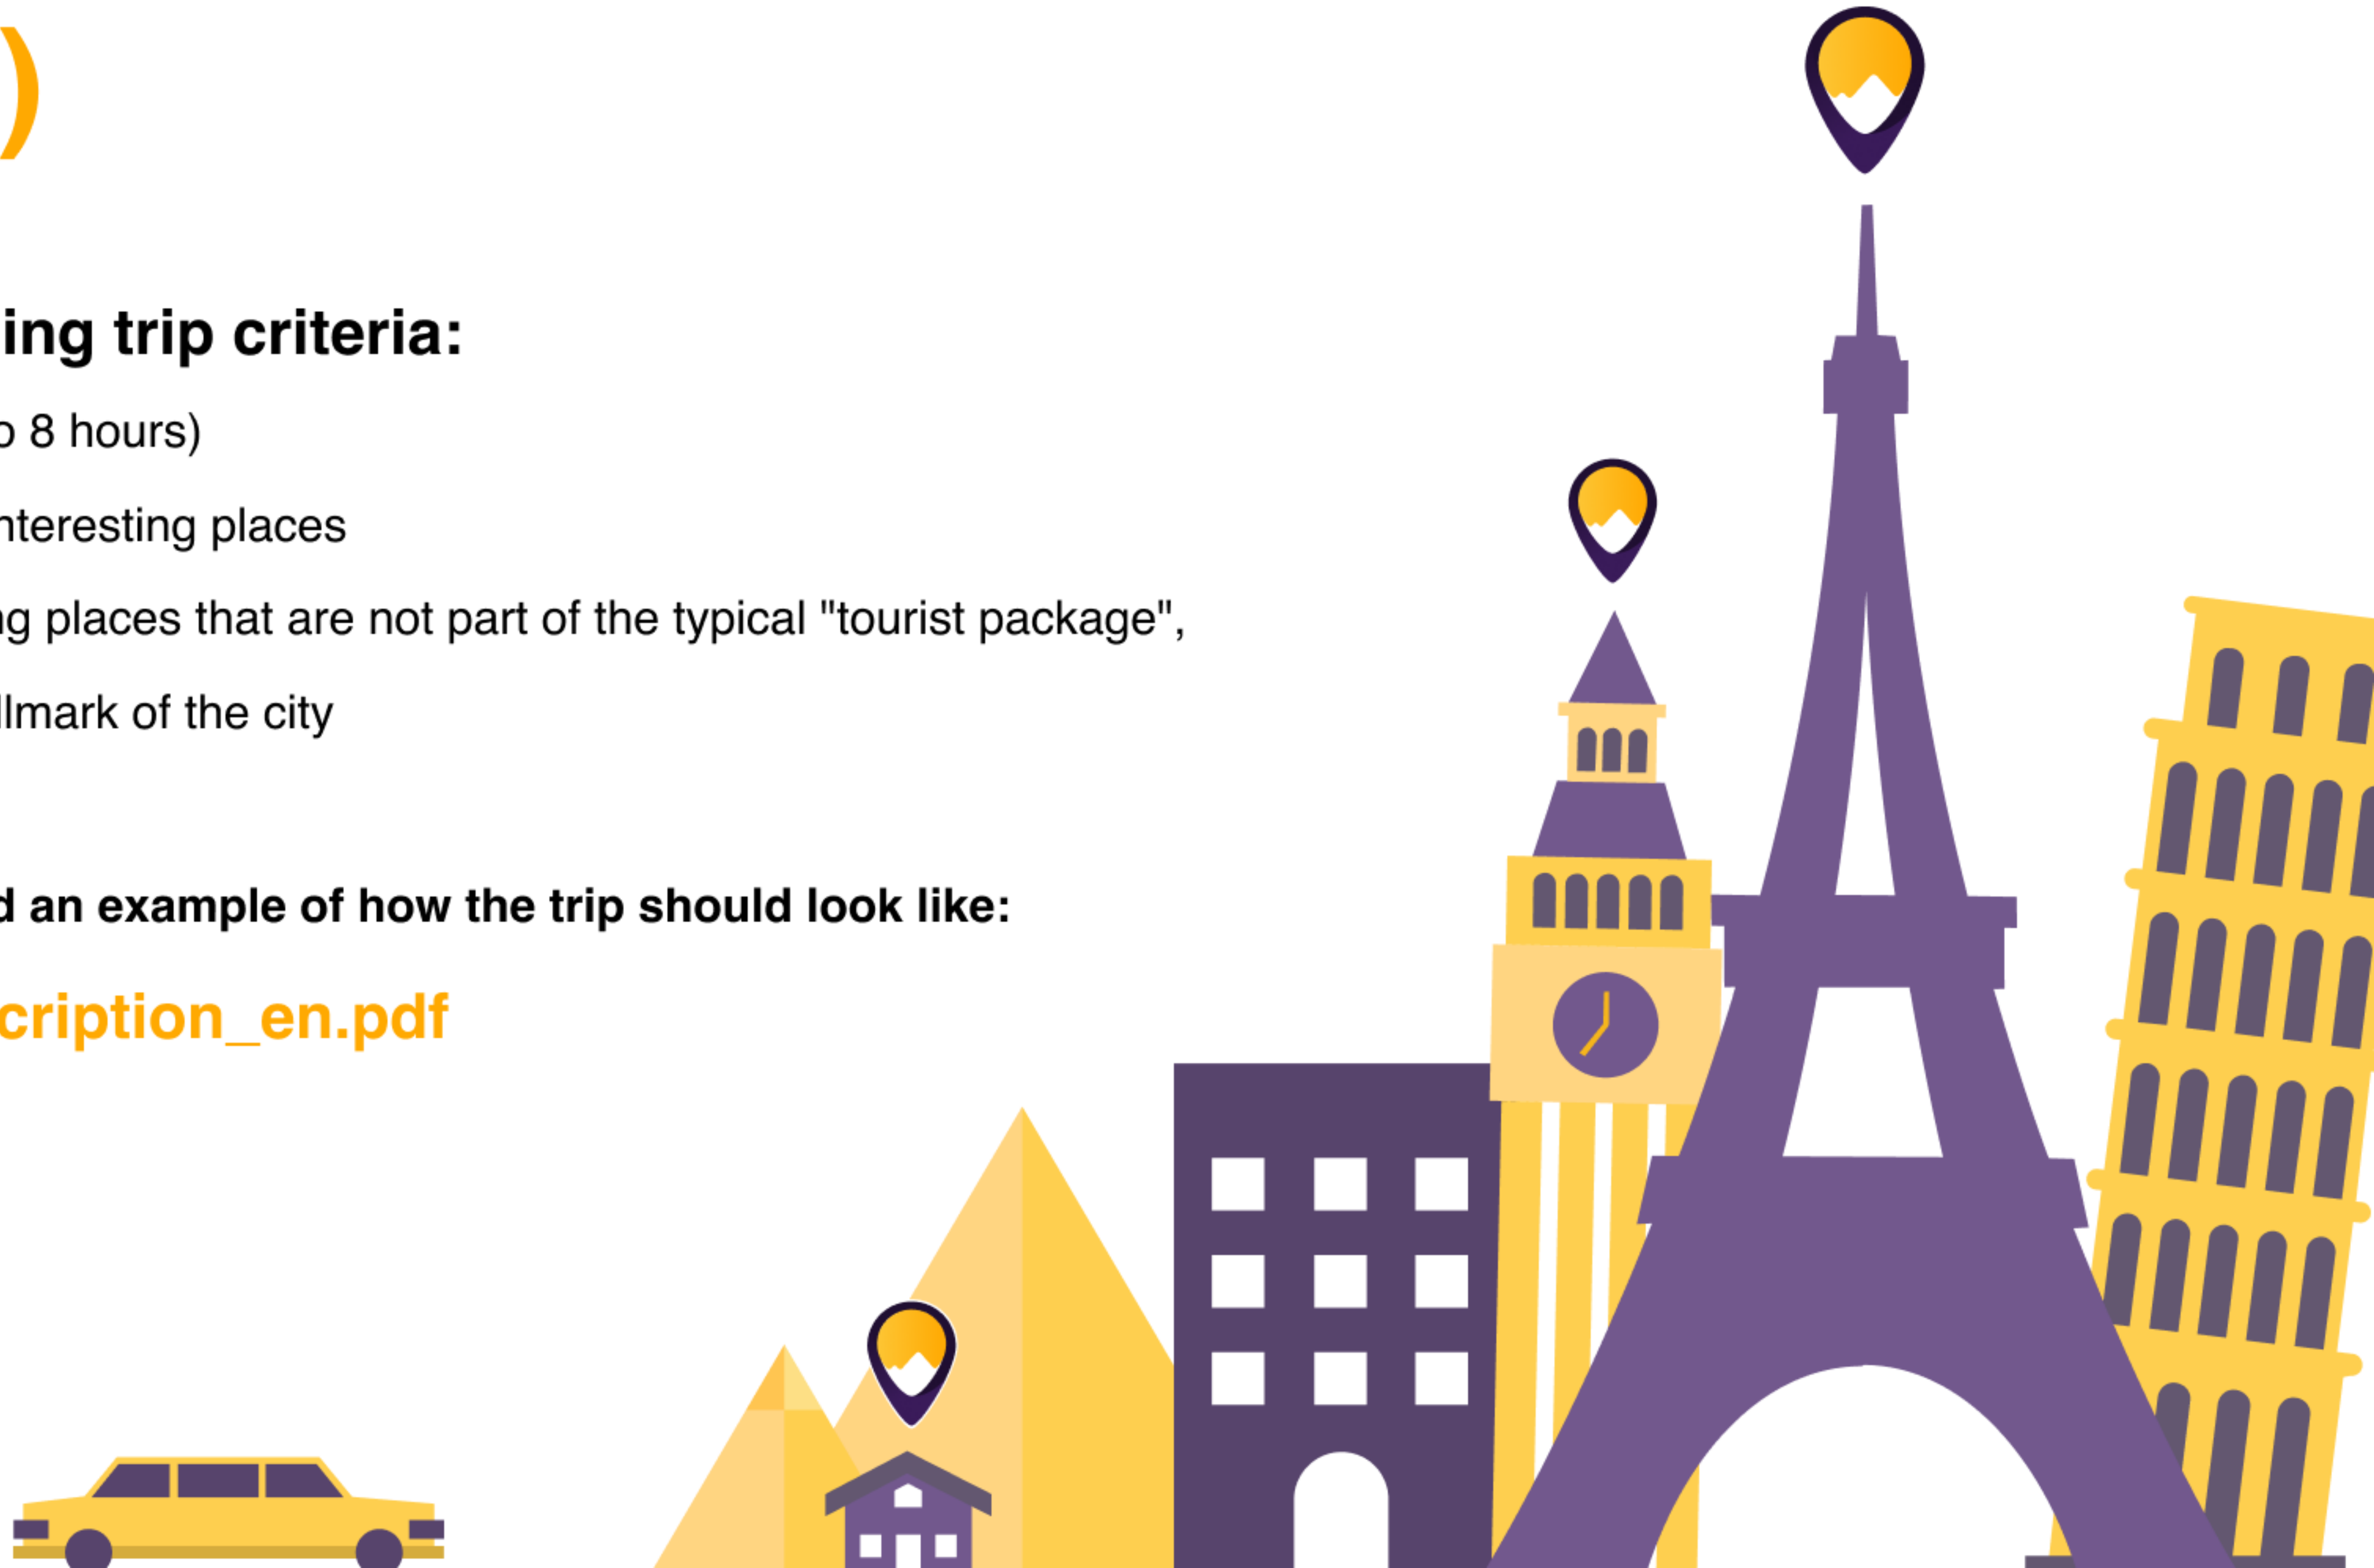

**5.** **Price** for the trip.

# Tips ;)

**The best selling trip criteria:**

- One-day trip (3 to 8 hours)

- Consist of 7-12 interesting places

- Include interesting places that are not part of the typical "tourist package",

but still are the hallmark of the city

**Here you can find an example of how the trip should look like:**

# How it works

**2.** We post this information in our app and you get 70% per each sale of your trip, while we take 30% commission.

Payment is made at the end of each month in the most convenient way for you.
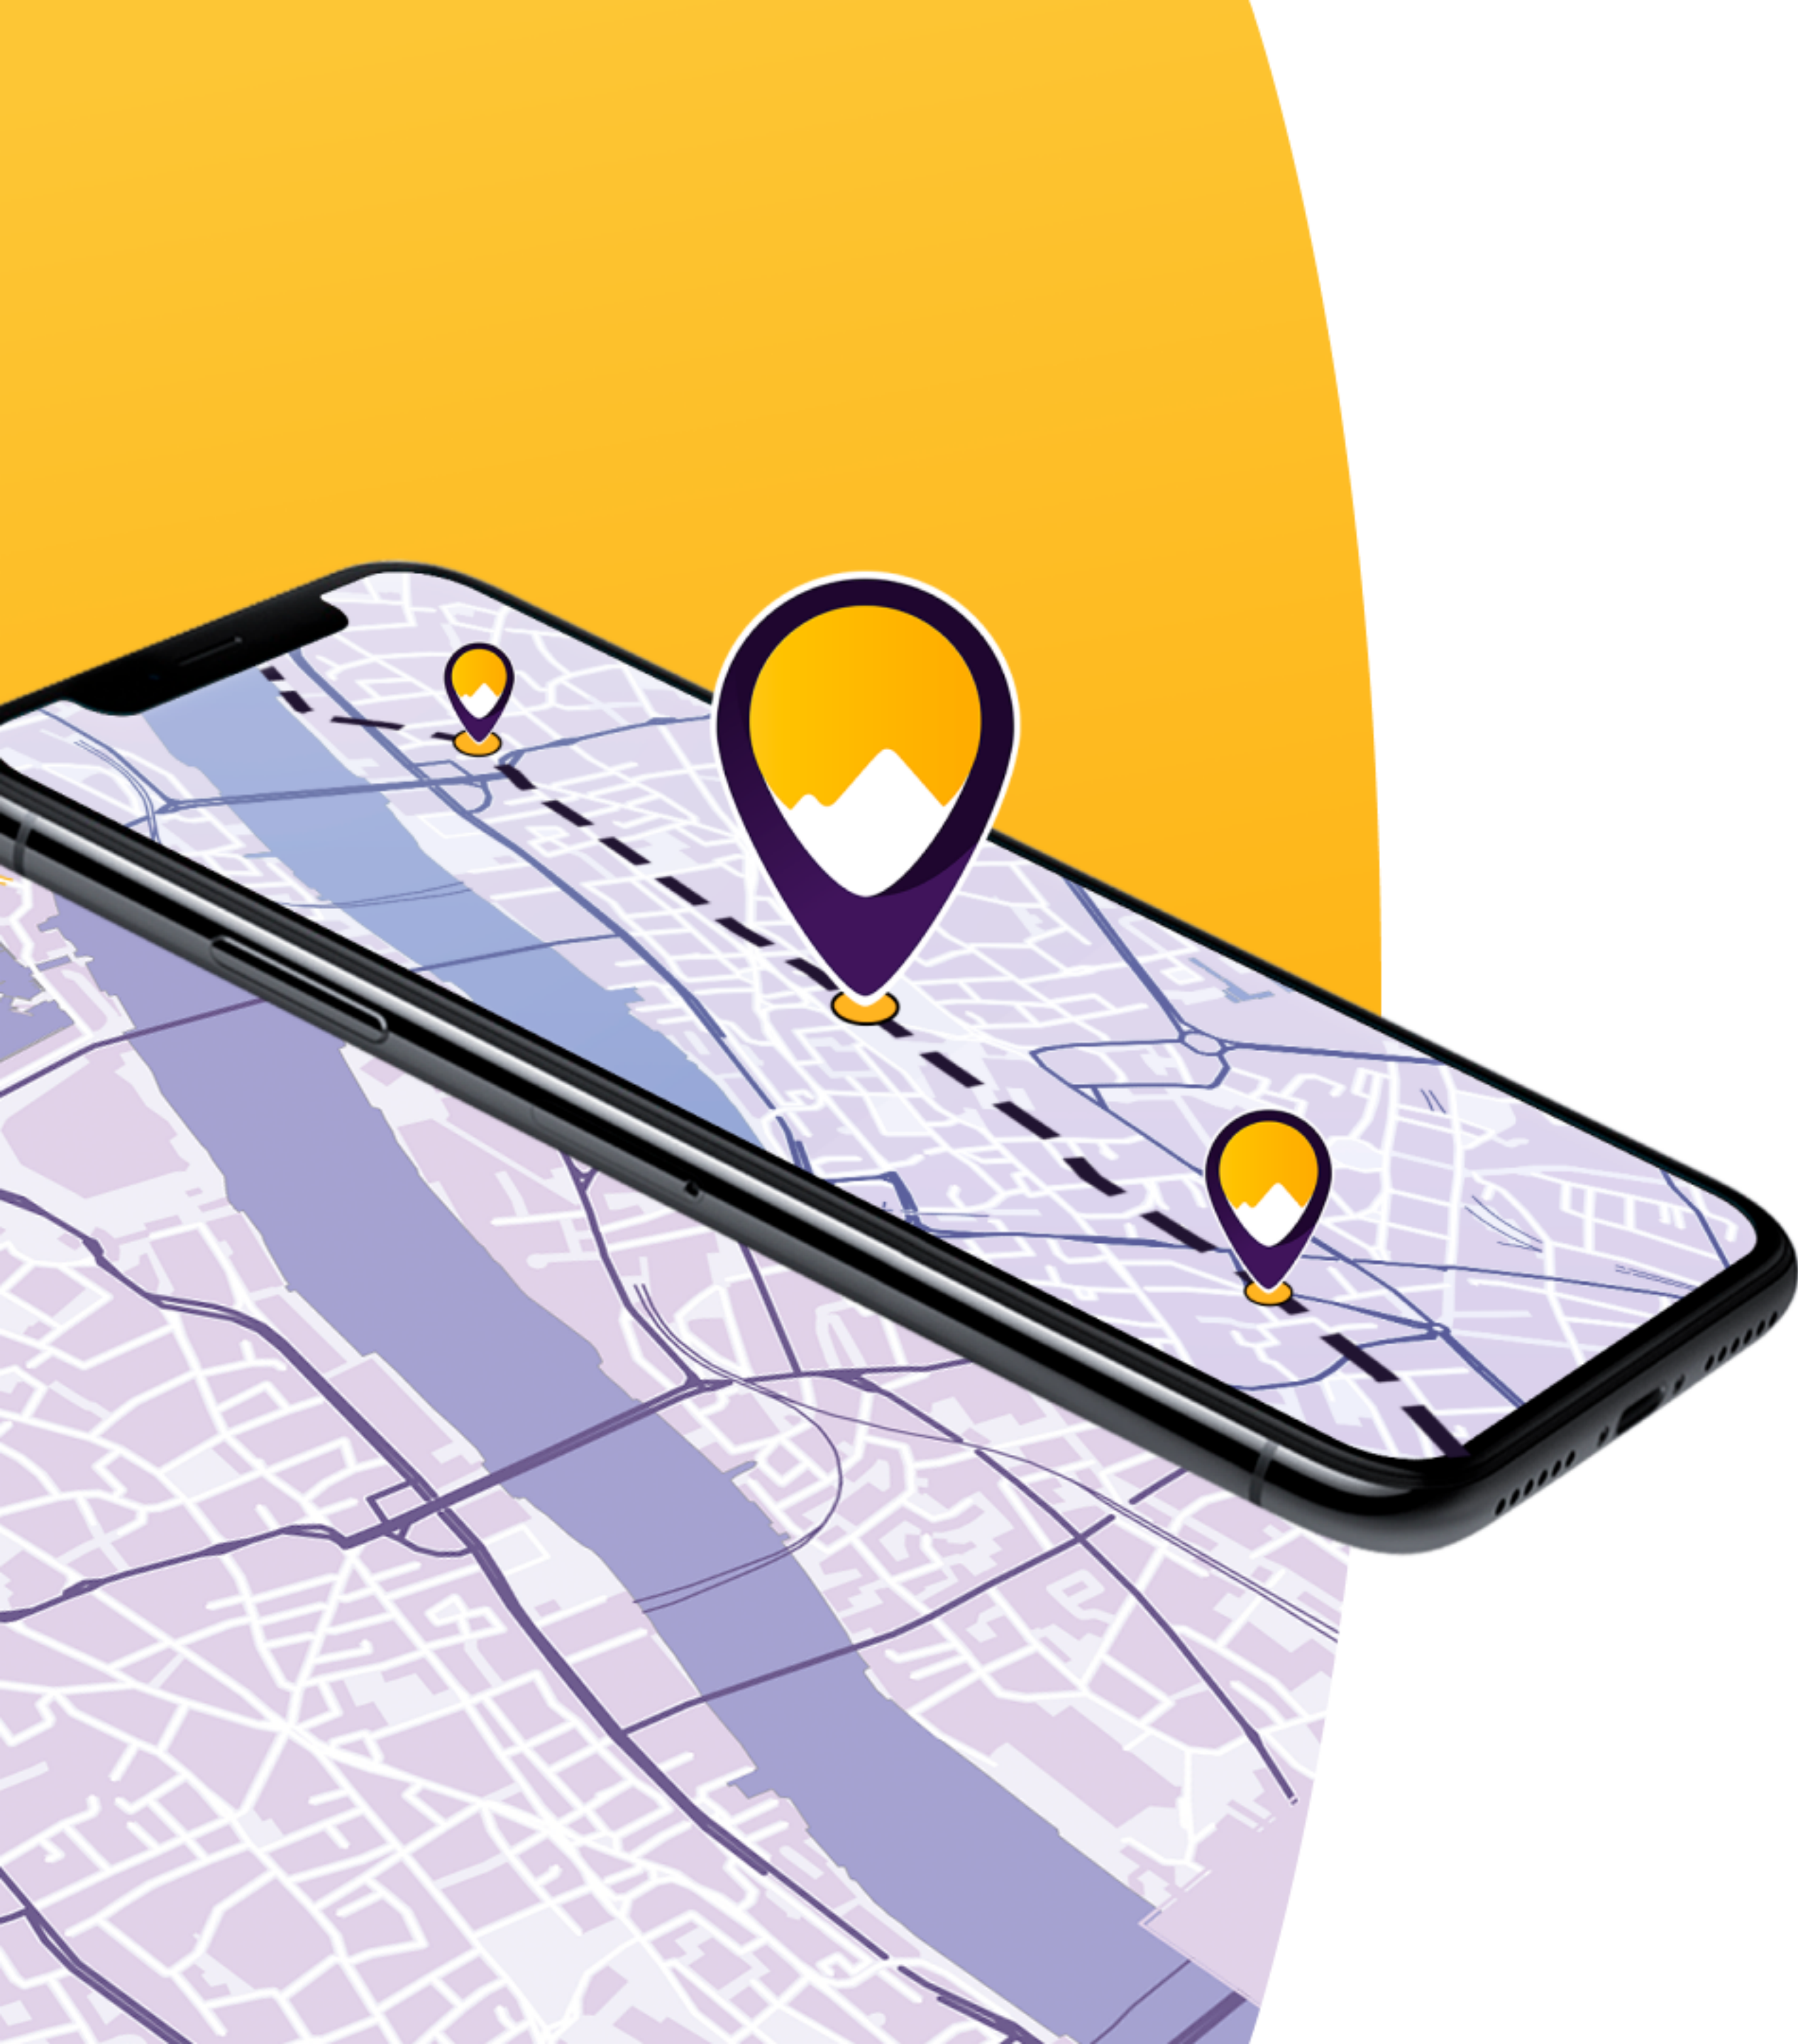

**All necessary information**

# How it works

**3.** You promote the trip in your blog/instagram and give the direct link to it. This will be very convenient for you and your followers.

So everyone is happy :)
